

REMARKS

Applicant respectfully thanks the Examiner for the consideration provided to this application, and respectfully requests reconsideration of this application.

Claim 5 has been amended for at least one reason unrelated to patentability, including at least one of: to explicitly present one or more elements, limitations, phrases, terms and/or words implicit in the claim as originally written when viewed in light of the specification, thereby not narrowing the scope of the claim; to detect infringement more easily; to enlarge the scope of infringement; to cover different kinds of infringement (direct, indirect, contributory, induced, and/or importation, etc.); to expedite the issuance of a claim of particular current licensing interest; to target the claim to a party currently interested in licensing certain embodiments; to enlarge the royalty base of the claim; to cover a particular product or person in the marketplace; and/or to target the claim to a particular industry.

Descriptive support for the amendment to claim 5 can be found on at least page 6, lines 12-14 of the specification.

Claims 5-12 are now pending in this application. Claim 5 is in independent form.

I. The Written Description Rejections

Claim 5 was rejected under 35 U.S.C. 112, first paragraph, as allegedly failing to comply with the written description requirement, and thus was asserted to be unpatentable.

Without acquiescing to the present Office Action's position, this rejection is respectfully traversed as moot in light of the current amendment to claim 5. Consequently, reconsideration and withdrawal of these rejections is respectfully requested.

CONCLUSION

It is respectfully submitted that the application is in clear condition for allowance. Reconsideration, withdrawal of all grounds of rejection, and issuance of a Notice of Allowance are earnestly solicited.

The Office is hereby authorized to charge any additional fees or credit any overpayments under 37 C.F.R. 1.16 or 1.17 to Deposit Account 50-2504. The Examiner is invited to contact the undersigned at 434-972-9988 to discuss any matter regarding this application.
